SUMMARY

I am a good student and confidently possess an easy to learn character. Being able to be exposed to various fields relating to Information Technology is my aspiration, learning and contributing in the field feels more inspiring on a personal level. I have proven to be good in application development, achieving competent working projects while pursuing my degree program.

CORE COMPETENCIES

- Good communication.
- Self-driven.
- Able to learn from personal mistakes, colleagues and from professionals.
- Agility.
- Good leadership.

EXPERIENCE

Internal Attachment - Dedan Kimathi University | Sep-Dec 2022. Underwent rigorous exposing skills involving network administration, back-end and front-end development in JavaScript, HTML and CSS.

External Attachment - Kobby Technologies Ltd | May-Aug 2023. Exposed to flutter mobile development with hands-on experience on technical and functional skills in Microsoft Dynamics NAV. Kobby provided an enlightening environment, where individual effort is aggregated as a collaborative achievement.
